Success Stories

Universal Pictures “Knocked Up”

www.knockedupbabycreator.com

Ford C-MAX advertisement campaign

www.babyford.net

Learn How Your Kid Will Look Like!

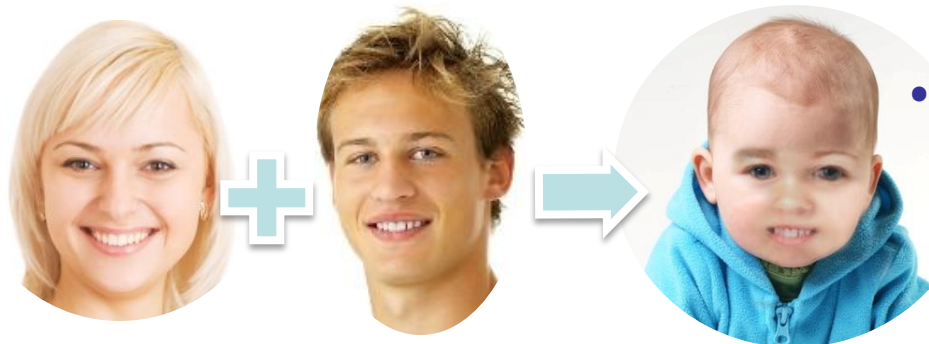

- **Instant picture of a child based on parents' pictures**

A visitor uploads images of a couple and gets a picture of the couple's child with a **single click of a mouse**

- **Easy to integrate with your Web site**

Our solution is easy to set up and configure, and comes **comprehensively documented**

- **High-performance solution**

A single server processes up to **20 thousand** pictures a day

Look! That's You in Twenty Years!

- **Look into the future**

Your visitors will learn how they'll look in **20 years**

- **Fully automatic operation**

No user interaction is required. The solution detects and morphs facial features **completely automatically**.

- **Highly interactive**

All images are generated **on the fly**, and do not require user interaction

Turn Yourself into a Celebrity!

- **Smooth morphing of human faces**
All facial features of one human's face are smoothly morphed into another
- **Automatic morphing**
Automatic detection of facial features makes all transforms completely automatic
- **Animated and static morphs**
Easily create both **animated** and **still-image** morphs

Commercial Offerings for Face Morphing

- **Facial morphing applications** to distribute over the Internet
- **Re-branding opportunities:** place your brand name in our applications
- **Increase your brand exposure** by making free applications
- **Create branded commercial software** to offer the products for sale
